

Holstein Quebec is the largest dairy breed association in Quebec, with 4,400 members. We are a provincial association affiliated with the Holstein Canada Association. Our mission is to bring together Holstein breeders, promote their breeding and represent their interests. We offer you the chance to play a key role in the future of our industry, while working in an environment strongly oriented towards teamwork, trust and leadership, which respects work-family balance. We are located in Saint-Hyacinthe with colleagues across the province.

We are looking for a dynamic and professional candidate for the following position:

Advisory team Supervisor

YOU are passionate about the dairy industry and inspired by dairy producers. You are a natural people person – a listener, communicator and educator. You are inquisitive by nature and enjoy sharing your knowledge and insights. You love team work and are not afraid to roll up your sleeves. You love a job where every day is different and brings new challenges, where you can plan and achieve goals, and where you are a key contributor.

At this position, **YOU** :

- Act as a technical dairy industry resource, sharing information on various trends and topics related to breed improvement and herd management
- Have to supervise, train and act as a coach for advisory team
- Provide advisory services, information and tools to Holstein dairy farmers, helping them to work effectively in a changing dairy industry
- Organize and lead training workshops for producers
- Create simplified material on topics related to dairy production
- Attend and share information at industry events
- Build supportive and professional relationships within the dairy industry across Canada

Your conditions :

- ✓ Full time and permanent
- ✓ Salary with benefits
- ✓ Travel and schedule flexibility
- ✓ Possibility of working from home

You offer :

- Bachelor's degree in agronomy, agro-economics or experience deemed equivalent
- Member of the Ordre des agronomes du Québec or who can be supervised by an agronomist
- Minimum 5 years of experience in a similar position
- Great knowledge of the Holstein breed and dairy producers
- Staff management and supervision skills
- French and English spoken and written is essential
- Excellent communication and extension skills
- Autonomy and sense of priorities
- Valid driver's license and proof of insurability
- Computer skills

Interested persons are requested to send their resume to:
